

6 Ways to Be a Contagious Small Group Leader

1. Pray Together. With prayer, anything is possible! Direct everything to God. God will bless you abundantly!
2. Play as a team. Laugh, joke around. Play. The spirit of joy will lead others to join in!
3. Humble Yourself. When your motto is, "There is no role that is too big or small that we can play for the Glory of God," life is golden.
4. Treat your group like family. Teens want to belong. Instill trust and have each other's back.
5. Share your passion about Christ! Invite them to stop going through the motions, and start building their own relationship with God.
6. Share the graces and blessings you receive because of the trust you have in God.
